

Annual Report, “Federal Information Security Management Act: Fiscal Year 2004 Report from the Office of Inspector General” (IG-05-001, October 4, 2004)

This annual report, submitted from the Inspector General to the NASA Administrator, provides the Office of Management and Budget (OMB) with our independent assessment of NASA’s information technology (IT) security posture. Our report summarizes work we performed during FY 2004 in IT security, which included the identification of weaknesses and the recommendation that NASA identify IT security as a material weakness reportable in accordance with the Federal Managers Financial Integrity Act.

*The OMB’s [Federal Information Security Management Act \(FISMA\) Report to Congress for FY 2004](#) includes information provided by our report. Our report contains NASA Information Technology/Internal Systems Data that is not routinely released under the Freedom of Information Act (FOIA). To submit a FOIA request, see the [online guide](#).*
